

**INFORMATION FOR STUDENTS AND VISITORS
REGARDING THE CORONA PANDEMIC**

Dear All,

An important component of managing the Corona pandemic is the adherence to the recommendations listed below. In case that you are coming to Ruhr-Universität Bochum for an appointment, or you participate in a lecture or an exam, please follow these recommendations in order to protect yourself and others from an infection with COVID-19!

- In case of mild symptoms of a respiratory infection (e.g. cough, cold, sore throat, with or without fever) a Corona „Bürgertest“ from a Corona test centre or PCR test at your family doctor should be carried out in any case before visiting the campus or RUB properties. Due to possible false-negative test results, a face mask - preferably FFP2 mask - should be worn at all times on Campus even after receiving a negative Corona test result.
- Avoid shaking hands and other physical contact.
- Keep a distance of at least 1.5 m to other persons.
- Wearing a face mask (surgical mask or FFP2 mask) is strongly recommended everywhere inside all RUB buildings.
- Travel by yourself in an elevator, if possible.
- During events (e.g. lectures and exams), the instructions of the person in charge of the event („Veranstaltungsleitung“) need to be observed.

Under the following circumstances you are **not** allowed to enter the RUB campus or RUB facilities:

- **Positive COVID-19 test result:** in case of a positive result of a Corona antigen rapid test - if no subsequent PCR test with a negative result was carried out - or in case of a positive result of a PCR test, go into domestic isolation for 10 days (this time can be shortened at the earliest on the 5th day by means of a negative certified test; please refer to “Corona-Test- und Quarantäneverordnung NRW“).
- **Symptoms suspicious for corona are present:** Immediately carry out corona antigen testing. If the test result is positive, see above.
- **After staying abroad:** During the quarantine period after staying abroad, the RUB campus and facilities may not be entered (also see “Corona-Einreiseverordnung Bund“).

Thank you for your cooperation!
